

## LOCAL NEWS.

**CHESAPEAKE AND OHIO CANAL.**—The Washington Star says:

"An official announcement from the authorities of the Chesapeake and Ohio Canal Company states, as the result of the late deliberations, that no reductions of tolls will be made, but that shippers who choose to do so may ship over the company's wharf at Cumberland gratis. This is a deadly blow at the canal, and annihilates all that might have been hoped from Mr. Bannan's declarations about the company's purpose to maintain the canal trade in its integrity. With a published reduction by the Baltimore road of 25 cents per ton, and an unpublished reduction of a yet larger amount, together with a fierce competition by the Pennsylvania road with both the Baltimore road and the canal, the work must go to the wall."

"A Cumberland paper states that the Canal Company proposes itself to do all the shipping that is to be done at Cumberland, and that view is willing to purchase the basin wharf there (which has been the real bone of contention) at a fair price. Had this policy been earlier and peacefully made, some advantage might have accrued from it. Now, we fear, it will be all too late."

"In order, apparently, to throw dust into the eyes of thinking people in Baltimore city, who might well have misgivings about the policy of the Canal Company in making war upon the people of the western part of the State, a Quixotic scheme is paraded about extending the canal to Baltimore, and flushing out its mirth basin with it. One of these days the people of Baltimore will be able to estimate how little more than an ignis fatuus there is in this scheme. The moment chosen to promulgate it shows its real purpose plainly enough. Besides, there is the sense of talking about more canals, in days when railroads are destroying those that already exist."

**CORPORATION COURT.**—The quarterly term of the Corporation Court, Judge E. M. Lowe to preside, will commence on Monday next. The criminal cases that will be tried, and that were continued at the last term are those of Andrew Schuler for an assault; appeal from Justice's decision; James P. Burnett, for malicious wounding, with intent to kill, and Geo. Allen, for burglary. The cases that will be presented to the Grand Jury for indictment are: Ed. Davis, alias Tyler, for burglary; same for petit larceny; Benjamin Basswell, for burglary; Eli Cross, burglary; Oscar Turner, petit larceny; John L. Lums, petit larceny, second offense; Bridget Travis, alias Moore, grand larceny; same, petit larceny; Daniel Washington, for malicious cutting; William Garey, grand larceny; and David Lomax, petit larceny, appeal from Justice's decision.

The following is a list of the Grand Jurors summoned for the term: Thomas Monroe, W. H. Lambert, G. H. Markell, G. L. Simpson, R. C. Lee, W. Dunlap Stewart, Donald McLean, John Harlow, S. F. Gregory and J. H. Grubb.

**WASHINGTON CITY TAXES.**—The people of Washington, unlike those of Alexandria, who are used to it, it seems do not like the personal property tax, levied by the act of the last Congress, and there is, in consequence, a good deal of complaint; rich men becoming suddenly scarce of securities. But it appears that to outwit the Commissioners in their decisions about the law, as well as the assessors, a good many parties went into the market just before the 1st of April, the day the returns were to be made, on the day fixed when the valuations were to be made, and bought tolerably freely of District 3-65s and Government bonds, which are not liable to taxation, intending to sell out and turn them into cash after the assessment day. It seems, however, that they cannot do this without submitting to a loss about equal to the tax. So they have not gained much after all, while, of course, the city loses the tax to a considerable extent, and the bonds are now held for a rise.

**THE CAN CAN.**—The exhibition that was to have been given at Sarepta Hall last night by the Cerito lady minstrel troupe, who had been impoverished and demoralized by their successive misfortunes—the crowning one being the desertion of their manager will all the funds, and the consequent attachment of their baggage at the City Hotel—did not take place, the receipts, \$16, not being sufficient to pay expenses. All the tickets sold were redeemed at the door but four, the money for which had been drawn by persons who had obtained admission upon complimentary tickets. Some of the members of the troupe left the city to-day, having raised enough money to pay their hotel bills, but others have not been so fortunate. Five of them have secured engagements at the Avenue Theatre in Washington, the proprietor of which has redeemed their trunks.

**EFFECTIVE PREACHING.**—Mr. Howard, the revivalist, who will come to this city as soon as his appointment at Lynchburg ceases, is thus spoken of by the News of that city: "The meeting at the First Presbyterian Church has become one of deep and absorbing interest. At least fifty persons have made known their conviction of sin, many of whom have found peace by believing. It is wonderful to see such crowds listening intently night after night to the word of God. It is noticed with pleasure that many business men of wealth and influence, who are known as habitual neglectors of the house of God, attend every night, and make no effort to conceal their interest. Mr. Howard grows in power and skill as the service progresses. The Spirit of the Lord attends him. Let everybody come and share the blessing."

**ALARMING ACCIDENT.**—Two young ladies, daughters of Mr. Robert Lawler, who lives across Hunting creek, met with a perilous accident while returning from the city in a milk wagon to their home yesterday. The tide was higher than usual, and overflowed the portion of the causeway adjoining the bridge; and the horse they were driving becoming alarmed, got entirely off the bridge, and was backing the wagon, which was then in water so deep that it was floating, under the bridge, where its occupants would certainly have been drowned, when they were rescued from their perilous situation by some men who, witnessing the accident, had hastened to their relief.

**THE FISHERY.**—The receipts of fresh fish since noon yesterday, reported at Fishtown up to noon to-day, were 7,000 shad, which sold at from \$16 to \$19 per hundred; 15,000 herrings, which sold at from \$16 to \$16 1/2 per thousand, and 1,000 bunches of other sorts of fish, the 15 to 25 cents a bunch. Among the receipts were 10,000 herrings, caught in one haul of the seine at Budd's Ferry. The receipts continue light, and as the demand to supply the home and northern markets with fresh fish absorbs nearly the whole of them, the operations of the salters and packers have as yet been limited.

**MISTAKEN.**—The Alexandria Gazette says the Cerito can can minstrels had a crowded house in Fredericksburg Monday night. Instead of a crowded house only about sixty persons attended the performance—which shows that the leg-itimate drama don't take well in Fredericksburg.—*Fredericksburg News.*

**THE CANAL AND THE WHARVES.**—The part of the Consolidated coal company located in South Cumberland, has been acquired by the Chesapeake and Ohio canal company, whether by purchase or lease has, however, not transpired.—*Cumberland News.*

**POLICE REPORT.**—The following cases have been reported at police headquarters since yesterday afternoon:

Agnes Piper, colored, who lives just south of the colored Methodist Church on Washington street, for throwing slops from her window upon the roof of the house adjoining, occupied by Matilda Jones, also colored, which slops trickled through the roof and down upon the provisions in the room below, was fined discharged.

John Carter and Julian Burke, colored, for fighting in Briggie's alley, were fined and discharged.

Two young men, from Washington, who had drunk too much liquor, but were creating no disturbance, were arrested, near the ferry slip, on their way home and carried to the station house, in which, they were locked up.

Three lodgers only applied for and were accommodated with sleeping quarters at the station house last night.

**ROBBERY.**—The grocery store of J. W. Baggett, on north St. Asaph street, was robbed last night of the contents of a box of tobacco. The store room is in a framed house, the walls of which are not plastered, and the thieves forced their way in through the weather-boarding, from the outside, until they discovered the exact position of the tobacco, and then ripping off the right plank helped themselves. They were probably scared off before they had completed their work, for they took nothing but the tobacco, though other articles were within their reach. There is as yet no clue by which the thieves can be detected.

**THROWING STONES IN THE STREETS.**—Yesterday morning while three young ladies were walking on King street, one of them received a violent blow from a stone, thrown by an unknown boy. Exclaiming, "that boy has struck me," she fell, was taken into the furniture store of Mr. DeVaughn in an unconscious condition, and after the administration of restoratives, carried in an omnibus to her home, where she has been lying ever since under the care of a physician. A short time previous the same young lady's mother was struck and badly hurt by a stone while walking along the street.

**AGREEABLE AFFAIR.**—The hop given at Peabody Hall, last night, by some of the young ladies of the city to the young gentlemen whose polite attentions they had been receiving during the past winter, was a most delightful affair. A large, attractive, and agreeable company was present; the music—furnished by the Alexandria band—was excellent, and the refreshments exceptionally delicious. Dancing was prolonged until the small hours of the morning, and even then all were sorry that it ceased.

**NEW TUG BOAT.**—The tug boat W. J. Boothe, just built at the Alexandria Ship Yard, and furnished with machinery and boilers by W. S. Moore and Pettit & Gorman, also of this city, made a trial trip, yesterday, as stated in the Gazette of that date, and worked to the entire satisfaction of the builders and owner—Capt. Matt. Korse. She will be inspected by Government Inspectors to-morrow, or early next week, and then be immediately added to the Potomac flotilla.

**STREET LINES.**—The workmen engaged in digging the foundation of Mr. Porter's new house, corner of Washington and Wythe streets, were stopped this morning by order of the Mayor, upon information received from the City Surveyor that they had encroached six inches upon the sidewalk of Washington street. Mr. Porter says they were working upon a line with his other property adjoining, and that that line was given him by the City Surveyor two years ago.

**HERNDON GRANGE.**—A. J. Wedderburn Deputy, accompanied by the Lecturer of the National Grange, S. A. Thompson, of Minn., yesterday evening organized Herndon Grange in Fairfax county, with 20 men and 20 ladies as charter members. This is the maximum number allowed at the organization of a grange. H. H. Garrett, esq., was elected Master and Geo. L. Howard, Secretary.

**CONSERVATIVE MASS MEETING.**—To-night is the time appointed and Sarepta Hall the place for the mass meeting of the Conservatives who will appoint a County Superintendent in the place of Mr. Smoot, who resigns, and to effect an organization for the spring election.

## BY TELEGRAPH.

**Fall of a House—Fatal Result.**

DANVILLE, VA., April 9.—This afternoon, about two o'clock, the unfinished brick building on Main street, belonging to Wm. P. Robinson, fell in with a loud crash, the front wall falling entirely across the street, but fortunately none of the many passers by were hurt.

There were about thirty workmen working on different parts of the building at the time, one of whom, a colored man, was instantly killed. Six or more were injured, but none dangerously. Others may be under the ruins yet.

The blame attaches to the contractors, as it now appears that the walls were very insecure.

**Execution.**

NEW BRUNSWICK, N. J., April 9.—Michael Sullivan was hanged this a. m. for the murder of Daniel Talmage.

At 10.56 a. m. the condemned man left his cell and entered the yard with the sheriff, two priests, the jailor, and the hangman, who was from New York, and a few moments of prayer was had. At 10.58 the sheriff, jailor and hangman bade Sullivan farewell. At 10.59 the drop fell, and Sullivan sprang into the air. Sullivan looked haggard, pale and exhausted. He made no confession, unless to his priests. There were only a few convulsive motions, and five minutes after the drop fell the body was lowered, and a feeble and spasmodic pulse of about 59 was detected. At 11.11 o'clock the pulse had ceased beating. The body hung fifty minutes.

The body was taken in a hearse to Ridgway and followed through the streets of New Brunswick by an immense crowd of citizens and children. Father, mother and sister came to see the prisoner this morning at the jail, but were refused admission by the advice of priests.

**The Mining Troubles.**

POTTSVILLE, PA., April 9.—A rumor in circulation that the miners at Shenandoah and vicinity had resolved to leave their organization and resume work, upon investigation proves untrue. We are in receipt of reliable information from Shamokin at last that all the colliers in that region with the exception of Big Mountain colliery, worked by a very small reduced force of men, are on a strike this morning. This includes four large collieries, owned by the Mineral Railroad and Mining Company, employing a large number of miners.

It is believed that the miners' organization has now fully succeeded in that region by inducing men to join them in the fight against the reduction. Much interest is manifested in the action of the miners at Shenandoah and Hyde Park to-day, as it is known that Messrs. Welsh and Sney, of the Schuylkill miners society left here for these points last week, and the result of the vote is looked for as it will not be without its influence on the Schuylkill miners in continuing the strike here.

**Foreign News.**

PARIS, April 9.—The French Government has sent instructions to its consuls to summon for the last time, the French subjects living abroad, who are liable to military service, to have their names registered at the consulates.

The officers, who have abandoned the cause of Don Carlos, have arrived at Biarritz. The Carlists tried to stop them from crossing the frontier. It is said that Gen. Elia has given in his adhesion to King Alfonso.

**Presbyterianism.**

NEW YORK, April 9.—A Conference of the Presbyterians was held here last evening in the interest of the proposed Presbyterian Confederation. Plans for the purpose were submitted. On July 24th the representatives of all the Presbyterian bodies in the world, designing to take part in the movement will meet in London to draft a Constitution for the Confederation, and to fix a time and place for holding the first council of the united body.

**The Tilton-Beecher Suit.**

NEW YORK, April 9.—There were fewer spectators in attendance at the trial this a. m. than usual. The plaintiff was the first of the parties directly concerned with the case to enter the court room. The defendant and wife came in shortly after, attended by a number of friends. Mr. Beach was absent from the trial on account of sickness, and the court adjourned till Monday.

**Strike.**

NEW YORK, April 9.—This a. m. the 'longshoremen's strike became general, Union No. 1 having last evening adopted resolutions agreeing to take part in the movement with the other city unions. The men declare they will hold out for their demands and the Stevedores on the other hand emphatically declare they will never give in, and will not under any circumstances re-employ the men who have struck.

**Tweed.**

NEW YORK, April 9.—Notice of action was filed against Wm. M. Tweed yesterday in the office of the county clerk. The list of the property attached, embraces everything known to be in the possession of Tweed at the time of the exposure, and which, he passed into the hands of the other parties.

**Financial.**

NEW YORK, March 9.—The Post's financial says:—"The Wall street markets to-day are more active than yesterday, and all classes of securities are strong, and as a rule prices are higher. Gold opened at 115 1/2, and advanced during the first hour to 115 3/4, and has since declined to 115 1/4."

**The Mitchell Parade.**

NEW YORK, April 9.—The Mitchell memorial committee have abandoned the idea of having a parade and will hold a meeting, at which the funeral orations will be delivered.

**Weather Probabilities.**

WASHINGTON, April 9, 11 a. m. For the Middle States partly cloudy weather and a slight rise of temperature, with northeast to southeast winds, and falling barometer during the day, possibly followed by rain during the night.

**The Markets.**

## LOCAL BREVITIES.

The fair now in progress at the Assembly Rooms for the benefit of the Sisters of the Holy Cross continues to be an attractive place for an evening's entertainment. The Relief Hook and Ladder company has up to this time a majority of votes for the possession of the firemen's trumpet to be given the most popular fire engine company in this city.

The rivalry between the B. & O. and the K. & P. railroads for the fish freight business from this city has almost ceased, the former road having by its increased facilities for rapid transportation by means of the East Alexandria ferry secured nearly the whole trade.

Captain John Gray of this city while boarding his vessel, which was lying at a wharf in Washington, last night, accidentally fell overboard, into the water twelve or fourteen feet deep, but was speedily rescued.

Dr. Pierpont contemplating a change of business offers for rent or lease the store room corner of King and Washington streets which he has occupied for a long time past.

Water, which has been in the Alexandria canal as far as Four Mile Run, since Monday last, will, it is stated, be let on the remainder of the line to-night.

Rumors are again in circulation about the early resumption of operations at the Mount Vernon cotton factory—probably about the first of next month.

Rev. Dr. Little, principal of the Alexandria Female Seminary, closed that school permanently to-day, having been appointed to a pastorate in the M. P. Church conference.

The weather early this morning was foggy, and has been damp, cool and cloudy all day, with a drizzle this afternoon.

Among the arrivals at this port to-day was that of a cargo of Tangier oysters, which is now at the oyster dock, selling at 50 cents a bushel.

The concert and dramatic entertainment of the Good Templars will be given to-night at Peabody Hall.

## MASS MEETING.

TO THE CONSERVATIVE VOTERS OF ALEXANDRIA CITY AND COUNTY.

You are hereby requested to meet at SAREPTA HALL, on FRIDAY EVENING, the 9th instant, at 8 o'clock, in mass meeting, for the purpose of electing Ward and Township Committees, and to take such other action as you may deem for the best to organize for the coming Spring election. ## GUANAHANI!

AN IMPORTED NATURAL GUANO.

A Genuine Animal Deposit.

A monopoly of this valuable deposit has been created in favor of this Company by the Crown Officers. The name "GUANAHANI" is a Registered TRADE MARK at the United States Patent Office, and all persons are warned from making use of the same in connection with fertilizers of any kind.

THE COMPANY GUARANTEES THAT

Every cargo will be analyzed before it is offered for sale.

Examine the Analyses and Letters of Prof. P. B. WILSON, Baltimore; Prof. H. C. WHITE, Professor of Chemistry, University of Georgia; Prof. F. A. GENTH, Philadelphia, Professor of Applied Chemistry, University of Pennsylvania.

IMPORTED ONLY BY THE

GUANAHANI GUANO COMPANY,  
PETERSBURG, VA.

In offering this FERTILIZER to the Agricultural Community a Second Season we do so with the utmost confidence, feeling satisfied that the high opinion we formed and expressed last season, based on its Chemical Constituents, has been most satisfactorily borne out by the test by which all Fertilizers must be judged—that of the Plant itself. Last season, owing to the lateness at which we commenced importing, we were forced to put our Guano on the market at once, but now
